Who Are We?

- The Computer Science Society (CSS) is a group of elected students representing all undergraduate students enrolled in Computer Science at the University of Windsor.
- We aim to improve the university experience for all CS students by hosting **events**, **workshops**, **challenges**, **resume critiques** and more!
- We host a student only Discord server with over 1200 students and alumni! You can join it here: https://css.uwindsor.ca/discord
- We remain active on our social media accounts, posting updates regarding events and important academic dates.
- Our goal is to help build a welcoming and supportive society!

How to Get Involved

- The Computer Science Society has its own constitution that outlines the duties and responsibilities of all positions.
  - https://css.uwindsor.ca/about
- The majority of positions on CSS are elected, with a few exceptions.
- Elections for most CSS positions occur once every year around March. Terms begin in the month of May.
- Our First Year Representatives are elected at the beginning of the Fall Semester.

Join Our Discord!

- We made a Discord server for all students in Computer Science so everyone has a means of communication with other students of the same program.
  - Over 1300 members have joined!
  - Discord is a free application that makes communicating with other students easy through the use of channels.
- Classes are organized into separate text channels so students may ask for course-specific help.
- Students may also speak to teaching assistants and alumni regarding their academics.
- The server also features upcoming events and opportunities to help ensure success.

Student Guide

Did you know the Computer Science Society has helped develop a student guide for all CS students?

- Not sure which courses to pick?
- Interested in learning how to get a co-op/internship?
- Looking for technical resources to start your project?

This student guide may be for you!
Check out the student guide on our website here:
https://css.uwindsor.ca/guide
